### Sponsorship opportunities

When sponsoring IDATES's International Conference you become associated with one of Europe's most prestigious events, one that brings together highly-reputed individuals from the rarely reunited telecom, internet and audiovisual sectors.

There exist several ways for you to present your firm, and which can be adapted into a package:

- display area
- Conference proceedings
- Participants' press kit
- etc.
- stand
- Conference newsletter
- Internet cafe

All of our sponsors' logos will appear on both the official programme and on the Conference's website.

*Please contact our team in charge of partnerships to obtain a complete listing of rates and communication opportunities:*
